

GUIDELINES FOR THE HISPANIC COUNCIL

January - 2019

JANUARY IS THE MONTH OF MARCHES FOR LIFE

Respect for life from conception to natural death is under serious attack in the United States and Canada. We must support our bishops and priests and participate in these marches whether it's at the national, state or local level.

Before 1930, most of the Christian religions in the United States were against abortion and euthanasia and today Catholics are almost the only ones who still have that position. Why? Because the truth does not change. Prayer is the most effective way to fight this culture of death, but the marches also have a visible impact for those who do not understand the wickedness of abortion and the lack of respect for life.

FORMS FOR FILLING AND SENDING

At the end of the month the 1728-S form, the Fraternal Activities report and the 1295-S Semi-Annual Audit are expired. These forms are very important because without the 1728-S, you do not win the Star Council awards, and as an Order we can lose our status as a non-profit organization and we can be taxed on all income.

The 1295-S is also important because if it is not filled, the financial secretary and treasurer may lose their bonds for performing these charges. Your District Deputy can help you fill out these forms; Always keep copies of each form because if they are lost or if your state council or supreme council do not receive them, they will have to make copies and send them.

To give a follow up on what was received, your District Deputy has reports that tell you if your council has not sent any of these forms. Make the effort to fill out and send these forms and you will be kept updated.
