

# I-RAISING FUNDS FOR LOCAL CARE CENTERS

## *THE VISION*

Gabriel Project is an organization staffed by volunteers who are at the ready to supply all manner of help to pregnant women who are experiencing difficulties. These difficulties may be prompting them to consider an abortion. Others just need help, physical and spiritual, to manage their lives during and after pregnancy. This help may be in forms of paying a rent bill, supplying clothes, supplying food and offering medical help through doctors and nurses who volunteer their expertise to help a woman in need.

Rachel's Vineyard counsels men and women who are suffering the pains from the abortion of their baby. Many who have reluctantly made that decision to kill their own child will later begin to feel terrible pains from guilt. Rachel's Vineyard retreats have been very successful in helping these individuals into forgiving themselves and moving on with their lives in a productive and loving manner..

Women's care centers are dedicated to helping expectant mothers through their pregnancies by way of counseling, pre-natal care, medicine, maternity clothes and more. They do not stop there. After the child is born they offer more help, physically, mentally and spiritually. Many centers help single mothers who already have children yet need care and assistance. Many women suffer from abuse. There are always mothers in need of help and that's where we come in. We can offer support in many ways in helping mothers.

## *THE ACTION*

The action is simple. It's what most of the Councils do best and that is to raise money. The money that you raise will help those moms to be. It will help those who are already moms but who are receiving no help from relatives or friends. It will help women who have realized the enormity of problems that aborting their child has caused. You already now HOW to raise money; now you have *another* cause for which to raise money.

If you need names and locations of groups that are helping women, contact the K of C Pro Life Captain in your Diocese and he will help you.
