

L-Presents for Baby Jesus

To get the youth of your parish pro active in the Sanctity of Life movement, this project, led by the Knights, can be enacted through the CCD classes.

During Advent of each year, ask students to collect baby items and bring them to the last class before the Christmas break. Items such as diapers, wipes, clothes, baby bottles and the like are items that needy families with a baby can use. They can be encouraged to earn money working in their homes, or for relatives and neighbors. These are not necessarily big items or items of great value but their contribution will help them learn to help someone in need while at the same time, give some bit of relief to a new mother.

These items can be given to a family in your parish or given to local pregnancy centers such as Project Gabriel, Birth Choice, 1st Choice for Women, The Answer, Hope Clinic or other Pro Life Women's Centers. If your council does not know of a Pregnant Care Center to donate to, contact your State Culture of Life Director at 219-663-0509.
