

CP-D EDUCATE

THE VISION

In order to successfully fight against any evil it is necessary to educate every person regarding that evil. In every moral and/or social issue can be found a pronounced ignorance of the details of that action. Many people are truly unknowledgeable about the facts. To inform the public on any issue, there must be the “educators” who are willing to do research and accumulate definitive information which will arm us all with the weapons needed to do the work of God here on earth.

THE ACTION

The easiest deed to perform is at the same time one of the most difficult, that being the education of your Council, Parish and community. To educate Catholics who support the death penalty we need to reinforce the words that Christ has taught us and we have largely ignored. Meetings with small groups will be the simplest way to convince those who are bent on vengeance. Facts, statistics and even common sense will do the trick.
