

# **A-MARCH FOR LIFE**

## **THE STORY**

The National March for Life takes place in Washington, D.C. on January 22<sup>nd</sup> each year. Americans who oppose the Roe vs. Wade decision unite to show their solidarity in the fight to save the Lord's babies. The march begins after a rally in the National Mall. The one-hour rally then empties onto Constitution Avenue and continues past the Supreme Court Building where the dismemberment of babies became legal. This is where it became the law of the land that prevents millions of children every year from having the opportunity to see, in person, the Supreme Court Building, our Nation's Capital or witness any of the true wonders of life.

People come from all over this country and from all over the globe to take part in this moving experience. It lifts the spirit to see so many who believe in the miracle of life and who believe that this country MUST reverse the trend of destroying human life. It is a time of weeping not just for those babies who have been murdered but also weeping because of the sheer and utter joy of sharing this emotional gathering of loving human beings. The bond by those in attendance is so intense that hugging even complete strangers is euphoric.

The March brings all sorts of people together. There are young and old; male and female; poor and well-off; healthy and handicapped. Catholics, Protestants, and even atheists who, though they say that they not believe in God, they still don't believe in murdering babies. All these different peoples are united in their belief in defending the most vulnerable of all humans, the unborn.

The march itself is merely a short walk and is relatively easy. The standing and waiting is the unfortunate part of this event. But when the 500,000 or 600,000 people funnel from the spacious Mall into a city street the waiting is well worth it.

## **THE VISION**

What is the importance of you being there? It is simple; to serve God! To do the work that He expects of you; to help mankind; to stop a holocaust; to feel self-worth; to halt the dismemberment of the Holy Innocents. Those are some very important reasons, don't you think?

But even if you just want to be part of something unselfish and truly satisfying, join us at the March this coming January and feel good about yourself.

This will be more than a pilgrimage. If we can rally a large number of Knights to this cause, the State of Indiana can inspire other Knights of Columbus state organizations throughout the country to sponsor and support their own march trip.

Every monumental movement has to start somewhere; it has now started in Indiana.

## **THE ACTION**

Your Indiana Knights under the direction of your State Deputy has selected our action for the March for Life in D.C. We have chartered buses, housing and food for the

pilgrimage. The National March for Life is a trip that you will never forget! Your State Council has planned a VERY comfortable trip for Knights their wives, their families and anyone else who would like to go. (We've even had Protestant Ministers join us)

If you can't swing the trip with us, you can and should attend one of the local marches that we have planned.

If you would like more information concerning the trip to D.C., contact your Culture of Life Director at:
